Align End of tube with this template

Pulse 2
Batten Template

This batten template is for use with: Pulse 2 13m 15m & 18m
Align front of batten with front of template
The rear sections of all mainbody battens are straight
All double surfaces and up battens should be straight
Check battens regularly for correct profile and check for symmetry before each flight

Batten 1a (Pulse 2 18m only)

Nose Batten
